# PELVIC THERAPIST

## What We Offer

- Competitive pay + benefits package
- Option for per-patient commission structure (part-time flexibility)
- Paid health insurance
- CEU reimbursement each year
- Simple IRA with employer matching
- Life insurance policy
- Unlimited unpaid time off\* for balance and flexibility

## Why You'll Love Working Here

- 1-hour appointments — quality over quantity
- Structured mentorship and onboarding program
- Private, spa-like treatment rooms with a calm, healing atmosphere
- Front office and insurance coordinator support (you focus on patients!)
- Programs for every major pelvic diagnosis: Pregnancy & Push Prep, Endometriosis, Prolapse, Oncology, Hypermobility, Bowel Dysfunction, and more
- Opportunities for leadership and advancement as the clinic expands
- Fast and easy documentation with IPH Templates
- Collaborate with a close-knit team of pelvic-trained DPTs, PTAs, and an OT

**Inland Pelvic Health**  
& Physical Therapy

## PELVIC THERAPIST

Inland Pelvic Health & Physical Therapy is growing again! We're a privately owned, women-led outpatient clinic in Hayden, Idaho, specializing in pelvic rehabilitation for both men and women — and we're hiring two pelvic health therapists (Doctor of Physical Therapy or Occupational Therapist) to join our amazing team.

We're celebrating 6 years of empowering our community through holistic, one-on-one pelvic therapy — and we're looking for compassionate, motivated therapists who want to make a real difference.

This position can be full-time or part-time, and we welcome both experienced pelvic therapists and those ready to specialize with mentorship and support.
